   B. Report from the President of the University. President Schulz added welcoming remarks. He said his report would be a preview of his upcoming State of the University Address scheduled for March 27. He said this year’s address would start off a “week of celebration” of faculty, staff and student achievements at WSU and would highlight some of WSU’s outstanding faculty, outstanding academic programs, honors-winning students, state-of-art facilities, private gift support and international perspectives.

   President Schulz reported on the following nationally-honored faculty at WSU:
• M. Kariuki Njenga elected a Member of the National Academy of Medicine
• John Peters named a Fellow of the American Association for the Advancement of Sciences & and Fellow of the American Academy of Microbiology
• Susmita Bose named a Fellow of the National Academy of Inventors & Fellow of the Materials Research Society
• Aurora Clark named a Fellow of the American Chemical Society
• Janet Katz named a Fellow of the American Academy of Nursing
• Andrei Smertenko won a $1M National Science Foundation (NSF) CAREER award

In addition, President Schulz reported, four WSU faculty were named to the Washington Academy of Sciences last summer.

President Schulz continued his report and highlighted a few of WSU’s outstanding and nationally recognized academic programs:

• WSU’s online MBA and Executive MBA programs were ranked 12th nationally by U.S. News and World Report
• College of Nursing is one of only 15 universities or health care organizations nationwide named a Center of Excellence by the National League for Nursing
• Writing Program has been ranked among the top 19th nationally by U.S. News and World Report
• Foreign Language Program was named among the 10 Most Innovative Colleges for Foreign Language Study by TheBestColleges.org
• Online Psychology Program has been ranked among the 12 Best Online Psychology degree programs by Affordable Colleges Online

President Schulz reported there have been numerous examples of honors-winning students this past year. For the first time in many, many years a WSU student was named a Rhodes Scholar finalist. He said students are succeeding competitively at the highest levels and an increasing number of WSU students are being selected for the Goldwater, Udall, and Gilman Scholarships. He said students are interested in using their WSU-gained knowledge in a variety of ways after graduation and highlighted the following:

• Cornelius Adewale received the Bullitt Environmental Prize which recognizes people with extraordinary potential to become powerful and effective leaders in the environmental movement
• Jacob Day received the Ruth L. Kirschstein National Research Service Award for the accidental discovery and subsequent development of a compound that enables scientists to investigate the protective role that sulfur dioxide plays in the heart
• Thu (Lily) Ly received an American Heart Association Fellowship which provides 2 years of financial support and mentored research training for graduate students to encourage careers in cardiovascular and stroke research
• Five WSU students were awarded National Science Foundation research fellowships
• Design & Construction students won first place in the Design-Build Institute of America’s national student competition held November 8-10, 2017 in Philadelphia
President Schulz reported it has been a banner year for opening new facilities that will have a significant impact on WSU’s mission. New facilities include: the WSU Everett Building, the SPARK, the Schnitzer Museum of Art, the Elson S. Floyd Cultural Center, and the Student Union Building at WSU Tri-Cities, the Rawlins Research Complex, and the Chinook Student Center. He said these state-of-art facilities are critical to keeping faculty and students current. President Schulz further reported with the passage of the capital budget the legislature provided funding for a new Plant Sciences Building, Global Animal Health Phase II, design funding for the Academic Building in the Tri-Cities and predesign funding for the Life Sciences Building in Vancouver.

President Schulz further reported on private gift support. He said gift support is critical for WSU’s success moving forward and highlighted the following recent gifts:

- Schweitzer Chair in Power Apparatus and Systems: $1.5 million
- Navrotsky Institute for Experimental Thermodynamics: $1 million
- McClaskey Chair in Hospitality Business Management: $2 million (WSU Vancouver)
- Wine Spectator: $1 million
- Clif Bar & Company and King Arthur Flour Endowed Chair in the Bread Lab: $1.5 million
- Endowed Deanship in the College of Agriculture, Human, and Natural Resource Science: $5 million

President Schulz provided remarks on WSU’s international perspective, which he noted is very critical in an interconnected world. President Schulz said the INTO program at WSU has been extremely helpful in this regard and that while he understood there were risks in putting together the program, given the dynamics of the international student population, WSU would be tremendously challenged with international student enrollment if it had not put the INTO program in place. President Schulz also stated that WSU has more than 700 students study aboard annually. In other top 25 public research universities, that number is several thousand and WSU needs to get more of our students out and studying abroad.

President Schulz concluded by expressing his sincere appreciation to WSU Tri-Cities Chief of Staff John Mancinelli for his outstanding efforts in working with the senior leadership team on the Tri-Cities campus during the recent Chancellor transition. He thanked John for his service to WSU and said he sees a very bright future ahead for WSU Tri-Cities.

C. Report from the WSU Tri-Cities Chancellor. Chancellor Sandra Haynes welcomed the Regents to the Richland campus and remarked that as it was only her fourth day on campus, and in place of a typical Chancellor’s report she presented a short video giving an overview of the Tri-Cities campus. At the conclusion of the video presentation, Chancellor Haynes remarked that the Tri-Cities campus is very proud to be a part of the Tri-Cities community and has many strong industry partnerships in the area. She said it is her vision that those partnerships will continue to develop and become stronger in the next few years. She noted that one of the things that drew her to the Tri-Cities campus was the opportunity to work with and champion the large under-represented student population. She commented the Tri-Cities campus has the most diverse student body of the WSU campuses with 41 percent of the student population being first generation students. Chancellor Haynes said she is thrilled to be the new Chancellor at the Tri-Cities campus.

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: Faculty Senate Report

SUBMITTED BY: Judi McDonald, Chair of the Faculty Senate

The Faculty Senate continues to view this as an exciting year of activities and opportunities. We continue to discuss, edit, and pass the proposals forwarded from the committees to the senate, and our committees continue to prepare and review proposals for positive changes in curriculum, programs and policies.

The senate executive benefitted greatly from attending the PAC-12 Academic Leadership Coalition in mid-February. We were able to see that there are some areas where our shared governance structure is working well, and others where we can look to our peers for models that will lead to substantial improvement in the way the Faculty Senate operates.

Budget cuts, coupled with the need to improve and change in order to increase revenue and reputation are a significant challenge for the university and an important part of all of our discussions. The Faculty Senate remains committed to finding ways to enhance our academic curriculum and programs, improve working conditions for faculty and students, and support research and innovation.

SUBJECT: ASWSUTC Report

SUBMITTED BY: Israa Alshaikhli, ASWSUTC President

This year ASWSUTC is focusing on five initiatives: innovation, inclusion, transparency, college accessibility, and community. Our goal is to evaluate and continually improve the ways we reach out to students and involve them in our decision-making process; we want everyone on campus to feel welcome and represented. We are focusing on being more transparent with students regarding our decisions and finances as well as provide more resources to all our students such as providing book stipends, coordinating legal services for undocumented students, and supporting our LGBTQ community. With all of these initiatives, we want to continue building a supportive community on campus where everyone works together to serve the students.

Below are some of the projects and initiatives we worked on or have been working on to achieve our goals:

• We are working with the WSU Tri-Cities administration to build a recreation facility on campus, open a diversity center, and continue exploring the options of affordable healthcare for students.
• During the fall semester, we worked on increasing civic engagement’s efforts on campus, so we hosted a forum where we invited Washington State Attorney General, Bob Ferguson and WSU Vice-President of Government Relations, Colleen Kerr to talk to students about the different university and state initiatives regarding higher education and undocumented students.
• We were able to have a ballot drop box on campus during election, and we registered more than 150 students to vote.
• To increase our inclusion efforts on campus, we collaborated with clubs, WSU administrators, and departments to host LGBTQ week where our LGBTQ students felt supported and heard. We also hosted family-friendly events, and service-based events, such as Service Week where students participated in a different community service project every day. Additionally, we helped raise approximately $700 for the American Cancer Society and $650 for the hurricane relief.
• Our Senate has passed four resolutions so far this year. They were centered around increasing sustainability on campus, opening a diversity center, improving the café services in the SUB, and recognizing Columbus day as Indigenous Peoples Day.

In addition to fulfilling our goals and delivering on our promises, we transitioned our offices to the new Student Union Building, and we have been reaching out to students and working with the building’s Governance Board to make sure that the building meets students’ expectations. Examples include, coffee services, healthier food options, and hygiene products in the bathrooms.
We will be working on the following for the remaining of the academic year:

- Advocating for a diversity center on campus.
- Working on a feasibility study for a recreation facility.
- Repurposing the old student lounge as a clubs and organizations space.
- The 8th Annual Fund the Future 5K Run on March 31st - To raise money for scholarships.
  - We have received $2,250 in donations so far.
- The 3rd Annual Crimson Fest on March 31st - A campus-wide event for students and their family.
- The 2nd Annual Multicultural Night on March 2nd - A campus-wide event where we feature different cultures
- We received $3,250 from the bookie corporation that will be allocated toward the 5k and the Multicultural Night.

We are looking forward to welcoming our new Chancellor, Dr. Haynes, and working with her and our WSU administrators to accomplish our goals.

The Administrative Professional Advisory Council is pleased to report the following:

- At the direction of President Schulz, APAC reached out to VPs and upper administration to speak at our monthly meetings. Dr. Asif Chaudhry, VP of International Programs, was our guest speaker in December; Stacy Pearson, VP of Finance and Administration, in January; and Dr. John Tomkowiak, Dean, Elson S Floyd College of Medicine, was the speaker in February.
- Officers met with Vice Provost for Academic Affairs, Erica Austin, regarding APAC involvement with developing FAQs on campus climate for the NWCCU accreditation on-site evaluation.

- APAC Chair and respective sub-committee collaborated with the chairs and respective sub-committees of the President’s Commission on the Status of Women and the Association for Faculty Women to submit a memo to President Schulz and Provost Bernardo outlining a proposed pilot salary study. President Schulz was very receptive of this request and asked Vice Provost Kelly Ward to take the lead on this important initiative. A representative from the Faculty Senate and Fran Hermanson will also be involved.
- Officers participated in the WSU Tri-Cities Chancellor Search interview process.
- After several months of a vacant council position, WSU Tri-Cities has representation on APAC! This was accomplished through personal visits by the APAC Chair to the TC campus.

Venue has been confirmed and marketing campaign initiated. Monthly seminars are well received and attended. APAC is collaborating with HRS in marketing and registering attendees via SkillSoft.

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: WSU Alumni Association Progress Report

SUBMITTED BY: Mike King, WSUAA President

We More Than Doubled Membership…But Why Stop There?
This spring, the WSUAA will launch the “40-By-20” membership drive. Our goal is to reach 40,000 members by 2020. This member expansion will broaden the base of support to help set the stage for WSU’s next comprehensive fundraising campaign. WSU Foundation research found that WSUAA members are twice as likely to give to WSU and they give twice as much as nonmembers. The WSUF also reported that the WSUAA was the single largest source of new donors to the last campaign. The WSUAA is committed to this aggressive growth plan in order to help WSU reach its fundraising goals.

Breaking Records Doesn’t Just Happen at the Olympics
It was another record-setting fall for the WSUAA. We saw the fastest sell-out of The Feast dinner series, and our Platinum Life and Life Member Reception at Homecoming was the biggest ever. PreGame events surpassed attendance forecasts, and we added an Apple Cup Rally that exceeded venue capacity. In total, we hosted 804 events last year for Cougs to connect with WSU and one another.

Two Cougar-Powered Wine Programs
Since the WSUAA established it in 2006, the Wine-By-Cougars Wine Club has celebrated the impact Cougs make on the wine industry. The WSUAA’s other wine initiative, the Cougar Collectors’ Series, shines the spotlight on Cougar wines at the retail level, too. Together, Wine-By-Cougars and the Cougar Collectors’ Series accounted for over 18,000 bottles of wine being enjoyed by sophisticated Cougs across the country. The programs generate $100,000 of revenue per year (including $24,000 that supports the WSU trademark and licensing program). While this revenue supports many important WSUAA programs and initiatives, we are especially proud of the two endowed scholarships the WSUAA established in Viticulture & Enology and Wine Business Management. We’ve showcased over 110 Coug wineries thus far.

The Cougar Collectors’ Series, those boldly emblazoned bottles with the Cougar logo, is currently offering Cougar IV in 60 retailers (and selling quickly!). Each Series installment features the fabulous wine from a different Cougar-connected winery. This year’s release was produced by EFESTE. We are very proud to announce Mercer Estates will release Cougar V in August 2018.

ACTIONS ITEM #3
Proposed Board of Regents Policy – Presidential Performance Evaluation
(Chris Hoyt/Danielle Hess)

March 2, 2018

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: Proposed Board of Regents Policy – Presidential Performance Evaluation

PROPOSED: That the Board of Regents approve and adopt the Board of Regents Policy on Presidential Performance Evaluation

SUBMITTED BY: Theodor Baseler, Chair, Board of Regents

SUPPORTING INFORMATION: One of the Board of Regents most important responsibilities is conducting the president’s performance evaluation. The Association of Governing Boards (AGB) provides: “The board’s responsibility for presidential assessment is linked to accountability and good leadership development … [It] helps the board contribute to the continued effectiveness of the president, strengthens the relationship between the executive and the board, and informs compensation decisions.”

While the board evaluates the president on an annual basis, the process and method have not been codified into a written policy. The attached draft policy was developed considering best practices as recommended by AGB, the board’s annual schedule and past evaluation practices, and the president’s contract, which states that the president shall be evaluated annually by the board.

The draft policy includes a policy statement, a statement of purpose, practices and procedures for conducting an annual evaluation, and practices and procedures for conducting a periodic comprehensive evaluation.

Washington State University Board of Regents
Policy on Presidential Performance Evaluation

Policy

It is the policy of the Board of Regents that it will evaluate the President of Washington State University on an annual basis and that it will conduct a periodic comprehensive evaluation every three to four years.

Purpose

The purpose of this policy is to formalize the procedures by which the board will fulfill an essential governance responsibility: supporting and evaluating the president. It also addresses the larger goal of contributing to the improvement of the president's and institution's effectiveness. Further, the evaluation will accomplish the related goals of continuous communication between the board and president about the president's goals and accomplishments, the institution's strategic position and vision, and the effectiveness of the president's organizational decision-making. The evaluation process also meets the board's need to be accountable to the institution's various constituencies and to the larger public interest and public trust.

Board Practices and Procedures for Annual Evaluation

a. Board Roles and Responsibilities – All board members will participate in the evaluation process as described herein. The process will be led by the board chair who will collaborate with the vice chair to ensure a smooth transition from one evaluation period to the next.

b. Annual Goals and Objectives – The evaluation will be based on a mutually agreed-upon, annual set of measurable goals and objectives presented by the president and accepted by the board pursuant to the procedures and schedule outlined in this policy. In addition to the achievement of previously set goals and objectives, the evaluation may include such other matters as the board may determine as provided in the president's employment agreement.

d. President's Appointment and Compensation – At the time of the evaluation or upon formal acceptance of the president's annual goals, the board may, in its discretion, extend the president's appointment, and/or adjust the president's compensation.
e. Executive Session – Pursuant to RCW 42.30 et seq., the board may meet in Executive Session to review the president’s performance. However, the board will only take final action in meetings open to the public when setting the president’s salary or other actions which must be taken and conducted in open session.

f. Annual Evaluation Period and Schedule – The annual evaluation period will begin with the president’s presentation of goals and objectives at the board’s annual retreat, customarily in June of each year, and will conclude at the June retreat the following year. Should the board determine to change the month of its annual retreat, the evaluation period and schedule may be adjusted accordingly.

The board will use the following schedule as recommended target dates to conduct the annual performance evaluation:

- June – The president presents and discusses annual goals and objectives with the board at the board’s annual retreat.
- August or September – The board formally accepts the president’s annual goals at its first regularly-scheduled meeting of the academic year.
- January or February – At the first regularly-scheduled board meeting or retreat of the calendar year, the board and president engage in an informal mid-year review to discuss goals and objectives and to make adjustments, if appropriate.
- Mid April or early May – The board chair, vice chair, and president meet to discuss the upcoming performance evaluation and goals for the following year.
- By May 15 – The president submits the following to the chair and vice chair: (1) annual report assessing progress made in achieving previously set goals; and (2) the goals and objectives for the following year.
- By May 20 – Board chair distributes the president’s report to the board and performance evaluation material for the board to assess the president’s performance. At this time, the board chair will also distribution the president’s goals and objectives for the following year.
- May 20 to early June – Board members individually assess performance and return evaluation materials to the board chair, along with any feedback about the president’s goals and objectives for the following year.
- Early June (prior to retreat) – The board chair, vice chair, and president meet to review and discuss the board’s evaluation of the president. The chair and vice-chair will also discuss the president’s draft goals and objectives for the following year to provide any feedback prior to the full discussion at the June retreat.
- June Board Retreat – The board and the president will briefly discuss the performance evaluation at the June retreat, prior to the discussion of the president’s goals and objectives for the following year.
• July 1 – The annual evaluation is documented and concluded with a short memo from the board chair and vice chair outlining the board’s evaluation of the president’s progress in achieving prior goals and confirming the goals set for the coming year.

Board Practices and Procedures for Periodic Comprehensive Evaluation

a. The board will conduct a periodic comprehensive evaluation of the president’s performance every three to four years which will build upon the foundation of the annual evaluation.

b. The comprehensive evaluation will be a formative process with the primary purpose of enhancing the performance of the president.

c. The board chair and vice chair, with assistance from board staff, will establish a timeline and process for confidential interviews on the president’s effectiveness and leadership with a significant cross-section of the campus community and external stakeholders.

d. The interviews will be led by an experienced higher education leader or by a person connected to the campus who can elicit fully objective responses.

e. The board chair will report findings and recommendations to the president and, subsequently, to the board. All written assessment of the president’s performance will remain confidential to the extent permitted by law, specifically, the Public Records Act, Chapter 42.56 RCW.

f. The president will develop a plan for activities that will improve his/her professional performance, and will discuss with the board ways to address institutional or board issues that may be part of the evaluation findings.
ACTION ITEM #1
WSU Spokane, University District Pedestrian/Bike Bridge Agreements
(Stacy Pearson)

March 2, 2018

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: WSU Spokane, University District Pedestrian/Bike Bridge Agreements

PROPOSED: That the Board of Regents delegate authority to the President or his designee to enter into any and all documents, including but not limited to, a University District Pedestrian/Bike Bridge Agreement and a Front Avenue Parking Agreement, which will be necessary to convey a right of way to the City of Spokane.

SUBMITTED BY: Stacy Pearson, Vice President for Finance and Administration

SUPPORTING INFORMATION: This transaction is the dedication by WSU of a right of way to a portion of a parking lot on the WSU Spokane Campus to the City of Spokane. This property is needed by the City for the northern landing of the University District Pedestrian/Bicycle Bridge (Bridge) which it is constructing over the Burlington Northern Railroad tracks. These tracks divide the Spokane Campus from the Spokane medical district and hospitals to the south. When complete, the Bridge will significantly benefit WSU by providing direct access from the Spokane Campus to the areas south of the BNSF railroad tracks; and also improving access, housing, entertainment, and overnight accommodation opportunities for WSU students, employees and visitors. Further, the Bridge will facilitate future expansion of the Spokane Campus into that area.

The City of Spokane and WSU have long had a mutual interest in improving vehicular and pedestrian access to the Spokane Campus and in improving the appearance of the area. To achieve these goals, we have worked collaboratively with the City for completion of several projects, including the extension of Martin Luther King Jr. Way and Spokane Falls Blvd. through the Campus, and pedestrian friendly lighting and landscaping along those streets. The construction of the Bridge is another part of the collaboration.
The City obtained funding for and agreed to design and construct the Bridge. For its part WSU is transferring and conveying to the City a public road right-of-way over, under, upon and across a portion of a WSU parking lot that will be the northern terminus of the Bridge.

The City needed to acquire the right of way before negotiations for the consideration to be received by WSU for the right of way could be completed. Therefore, WSU and the City entered into a Possession and Use Agreement in December, 2016 to give the City early possession to begin construction pending completion of the negotiation process. The Bridge is currently being constructed. The Possession and Use Agreement is similar to an order of immediate possession and use given in condemnation cases under Washington law, and the Possession and Use agreement notes that possibility. It was not determined at that time that Regents approval was necessary for the Possession and Use Agreement. However, it is clear Regents approval of the transaction is now needed for execution of the final documents since the property is valued at more than $1 million.

1.49 acres of the parking lot was needed for the northern terminus of the Bridge. The lot appraised at a value of $1.897 million. The appraisal was based on fee simple ownership by the City, however a right of way with a reversionary interest in WSU is being conveyed. As consideration for this transfer the City agreed to (i) design and construct the bridge, (ii) to pay WSU $185,000 to cover the capital costs of replacement parking, (iii) to provide replacement parking in the form of granting WSU long-term rights to operate and maintain paid parking on those portions of Front Avenue lying generally between Sherman Street and the Spokane River for a period of 25 years, and (iv) to grant WSU a deferment of any required streetscape improvements along Front Avenue that are related to the WSU Teaching Health Clinic project for 25 years. The City also agreed to extend the bicycle path from the Bridge to the Martin Luther King Jr. bicycle path.

The documents required for this transaction are a Right of Way Dedication Agreement, Front Street Agreement for parking, and a Right of Way Dedication Deed. These documents are pending Regents approval of this transaction.

Resolution #180302-571

WHEREAS, the Board of Regents of Washington State University by virtue of RCW 28B.10.528 has authority to delegate by resolution to the President of the University, or designee, powers and duties vested in or imposed upon the Board by law and to enable the President, or designee to act on behalf of the Board of Regents in matters relating to the administration and governance of the University.

RESOLVED: That the Board of Regents delegate authority to the President or his designee to enter into any and all documents, including but not limited to, a University District Pedestrian/Bike Bridge Agreement and a Front Avenue Parking Agreement, which will be necessary to convey a right of way to the City of Spokane.

ACTION ITEM #2
WSU Pullman, Terre View Research Facility Relocation Design Approval
(Stacy Pearson/Olivia Yang)

March 2, 2018

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT:    WSU Pullman, Terre View Research Facility Relocation Design Approval

PROPOSED:  That the Board of Regents approve the design of the Terre View Research Facility Relocation project.

SUBMITTED BY:  Stacy Pearson, Vice President for Finance and Administration

BACKGROUND:  The Pullman Moscow Regional Airport (PMRA) is currently constructing a re-alignment of their runway to increase width and length in order to bring the runway into compliance with Federal Aviation Administration regulations. The runway’s new alignment puts the Runway Protection Zone over research facilities owned by the University. Research programs affected include intramural United States Department of Agriculture (USDA) and College of Veterinary Medicine (CVM) research as well as research associated with the Tukey Orchard and animal support facilities for the College of Agricultural, Human, and Natural Resource Sciences (CAHNRS). In total, the research has generated over $90M since 2006.

As reported to you in the September meeting of the Institutional Infrastructure Committee, the University had intended to construct and relocate impacted animal research programs and support facilities to Tula Young Hastings and Tukey Orchard functions to Spillman Farms. Both of these properties are currently owned by the University.

Due to the variance in costs to funding, the administration is now recommending that the animal research programs be located to University owned land on the northeast corner of the intersection of SR 270 and Terre View (commonly referred to as the “Hilltop” site). The original estimates for the relocation work was $20M. The available funding from the land sale and relocation reimbursements are based on land appraisal costs and federal relocation rules, totaling $14.7M. The alternate Hilltop site would allow the project to be...
completed within available funds. The Hilltop site also allows for
greater efficiencies in operations, given the shorter distance between
existing research programs, campus research and office locations
and the Hilltop site.

The airport runway construction is scheduled to impact the
university’s property starting in April 2018 and will continue until
October 2018 when the university is to vacate the property. In order
to meet this milestone for the Airport Runway project, the University
relocation project has always been schedule driven. We are
requesting your approval of the design in order to begin site work in
the next 30 days.

FY2019 Housing and Dining Rates
(Mary Jo Gonzales/Terry Boston)

March 2, 2018

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: FY2019 Housing and Dining Rates

PROPOSED: That the Board of Regents approve an increase in the Housing and Dining Rates not to exceed the following percentage from the FY2017 Rates.

Residence Halls:
1.7% ($192) of the total weighted average for room and board (weighted average of a double room and level 2 dining plan).

Apartments:
1.5% of the total weighted average for apartment rates.

SUBMITTED BY: Mary Jo Gonzales, Vice President for Student Affairs

SUPPORTING INFORMATION: The Housing and Dining System is a self-sustaining auxiliary unit that requires establishing room and board rates that are sufficient to meet bond covenants and support the University’s strategic goals.

The Housing and Dining Advisory Board is comprised of student representatives from the Resident Hall Association (RHA), Associated Students of Washington State University (ASWSU), Graduate and Professional Students Association (GPSA), as well as representatives from the Budget Office, Finance & Administration, and Student Affairs.

The Housing and Dining Advisory Board met throughout the fall and part of spring semester to review current operations and discuss operational changes anticipated for next year. The Advisory Board toured various facilities within the system and provided notebooks containing detailed information with regard to budget, organizational charts, and system goals as they relate to the long-range housing plan. The rate recommendations increases are based upon
student input, economic projections and system demands. The recommended increases received unanimous support from the Advisory Board. Pending Regent’s approval, the new rates will begin with the start of fall semester 2017.

The Advisory Board is comprised of seven student representatives* and seven administrators as outlined below.
