

ACTION ITEM #2

Change Program Names to Align with Degree Names (Daniel J. Bernardo)

September 16, 2016

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: Change Program Names to Align with Degree Names

PROPOSED: That the Board of Regents approve the change in program names to align with degree names within the College of Education

SUBMITTED BY: Daniel J. Bernardo, Provost and Executive Vice President

SUPPORTING INFORMATION: The College of Education proposes to change program names to align with degree names to more accurately reflect the existing curriculum. The alignment will allow the college to fully apply the student information system structure to reflect the degrees within the college more accurately.

There are no implications for students. Instead, the alignment will benefit the students as their transcripts will reflect their degrees more accurately. This will provide more transparency for the students when applying for positions within specific fields and decrease the inconvenience caused to our students as they are currently required to furnish letters for their prospective employers explaining the degree titles.

Two examples of the transcript clarity are provided immediately below:

Current Transcript: "Ph.D. in Education (Special Education)"

Future Transcript: "Ph.D. in Special Education"

Current Transcript: "M.A. in Education (Counseling)"

Future Transcript: "M.A. in Counseling"

The Provost reviewed this request carefully and supports the attached changes. This recommendation was passed by the Faculty Senate on March 10, 2016.
