B. Report from the President of the University. President Schulz also provided welcoming remarks and said he appreciates the opportunity to provide updates on key initiatives at WSU.

"Drive to 25": President Schulz reported he and Provost Dan Bernardo completed 16 town hall meetings with colleges and units across all five WSU campuses. He estimated that they met with around 1,500 faculty, staff, and students. He said the meeting included time with college and campus leadership, as well as open forum meetings to discuss opportunities and challenges each area faces. President Schulz said he will conduct town hall meetings on an annual basis and believes it provides the opportunity for the President and Provost to interact in a much more regular fashion with faculty and staff. President Schulz further reported the most frequently mentioned topics included: ways a college or campus can support the "Drive to 25"; proposed metrics to measure WSU's progress; incentivizing faculty to participate in student research; faculty recruitment and retention; and the Athletics' budget deficit. Town hall takeaways included: the need for additional research and teaching facilities; new public-private partnerships; increased philanthropic giving to support facilities; faculty diversity; undergraduate student retention; graduate student issues including recruitment, retention, stipends, and health insurance; and research support.

Elson S. Floyd College of Medicine: President Schulz also highlighted that the Liaison Committee on Medical Education (LCME) announced preliminary accreditation on October 19, 2016, and that the Association of American Medical Colleges (AAMC) approved WSU membership on October 28, 2016. SUBJECT: Faculty Senate Report

SUBMITTED BY: AG Rud, Chair, Faculty Senate 

The Medical College: After the successful approval of the curriculum map, and the preliminary accreditation by the Liaison Committee on Medical Education (LCME) last week, the senate stands ready to consider approval of the full curriculum of the Elson S. Floyd College of Medicine.

Academic Integrity proposals: As reported last time, the Academic Integrity Task Force made proposals to be considered for endorsement by the Faculty Senate, and to be presented for approval to the provost. Those proposals were voted upon favorably by the senate at its October 20 meeting and have been presented to the provost.

Constituent Concerns: At the senate meetings this fall, senators heard the following constituent concerns: parking reduced by building construction enacted and planned for, as well as game day parking inconvenience, on the Pullman campus; the athletic deficit and clarification of plans to deal with it; the elimination of journals in the library and thus incompatibility with the university's Drive to 25; the use of free or open-source courseware and books, possibly favoring cost savings over rigor and academic suitability; and the loss of graduate student health insurance coverage. The journal and graduate student health insurance issues were staved off for a year by the university and the federal government respectively.

Guest Speakers at Senate Meetings: It is important for faculty senators to be informed how the university works. We have invited and confirmed as speakers the president, the provost, the chief budget officer, the dean of libraries, the dean of international programs, and the director of transportation services, and will be pursuing several more leaders from various parts of the university.

Activities of the Senate Officers: As chair, I serve on several university committees, including the search committee for a new vice president for business and finance (just appointed). I met faculty and administrators on the Tri-Cities campus October 31, and will visit the Vancouver, Spokane, and possibly the Everett campus, in the spring.

SUBJECT: ASWSU Report

SUBMITTED BY: Taylor Christenson, President

On behalf of the Associated Students of Washington State University, I would like to report the following:

It's On Cougs: This year's ASWSU Executive Staff has hired on a Director of the It's On Cougs Campaign that has normally fallen under the leadership within the Diversity Affairs Department. We see the issue of sexual violence on our campus as one of the most important and pressing matters we are currently facing and thought it was appropriate to hire a position solely focusing on our It's On Cougs campaign. Recently, we released a video partnering with the PAC12 student governments with student leaders expressing the need to be apart of the conversation. We were the only school to feature an athlete, and that was Luke Falk, which was really exciting for us to partner with athletics.

Mental Health Awareness Week: Our Student Life Department is in the process of planning a weeklong campaign that will take place the first week of November. One our campus last year we lost 5 students on the Pullman campus to suicide and we want to increase our efforts in what we are doing for our students to bring light to this tough issue. The week-long campaign exists to raise awareness about the reality of mental health on college campuses, will highlight available resources we have for our students, suicide prevention training for student leaders and will hopefully engage students in the hard conversation about mental health. We are bringing in the speaker Hakeem Rahim who will speak on the topics on mental health awareness, depression and suicide prevention; he is traveling around the Pacific Northwest to bring light to students who struggle with mental health.

Cougs Vote: We have partnered with the Center for Civic Engagement to put on the "Cougs Vote" campaign. Because it is an obvious election year, we are putting on several events up until voting day in November to get our students on campus engaged civically. We have held 3 different debates between the College of Republicans and Young Democrats to increase student engagement across campus. We released a video on October 20th expressing the need to vote in this pivotal election including leaders around campus.

S.H.A.P.I.N.G. Conference: ASWSU helps put on 3 student led conferences over the course of the academic year. The weekend of October 21-23, the first conference of the year was held. Standing for Shaping High School Asian Pacific Islanders for the Next Generation, this conference exists to do exactly that. The ASWSU committee, Asian Pacific American Student Coalition (APASC), houses a committee that puts this conference on completely. The conference encourages high school students around Washington State to come to WSU for a weekend to see what higher education is all about. The goal is to get all students to go through the application process at WSU, with the intention to attend WSU when they go to college. Ultimately the conference empowers minority students to pursue higher education, whether that be WSU, or another University, these conferences exists to get these students to put a value

on pursuing education after graduating high school. This year, we had just about 150 high school students attend the SHAPING Conference.

DEAR WSU: We have set the date for our annual “student feedback” campaign for November 14-18. We hope to engage students to express changes they want to see on campus, whether that is in classes, where they are living or all around student life. Often times student government leaders don’t hear the concerns of the general students, so this program exists to bring light to what students are saying about WSU.

SUBJECT: GPSA Report

SUBMITTED BY: Melanie Thornton, President

On behalf of GPSA, I would like to thank the Board of Regents for your continual support of graduate and professional students. It is with great pleasure that I report the following:

Legislative Affairs

On October 12th, GPSA hosted a graduate student health insurance town hall attended by approximately 130 graduate students. A panel of administrators from the Graduate School and Health & Wellness Services answered questions from graduate students regarding the future of graduate student health care at WSU.

On Friday, October 21st, the U.S. Department of Labor issued an indefinite extension, effectively allowing universities to continue offering subsidized health insurance to students. This is not a permanent solution, but is an excellent outcome nonetheless. We are proud that our advocacy efforts paid off, and we will continue to seek a permanent solution at the federal level.

Professional Development

The Professional Development Initiative has been off to a great start, we have served over 400 graduate-professional students, of which 66 have joined remotely via the live stream. We have received financial co-sponsorship from the following colleges: CAHNRS, Arts & Science, Carson Business, Communication, Education, Voiland Engineering & Architecture, Graduate School, Pharmacy, and Veterinary Medicine. Here is a list of the workshops for this semester: Campus Resources, Industry Job Series x3, Time Management, Personal Finance, Academic Integrity, Managing Effective Groups, Writing Series x3, Versatile PhD, and Understanding Diversity. We have 13 workshops planned for Spring 2017. GPSA is working to create a sustainable budget plan for PDI for the next 2-5 years. I want to give personal kudos to Shantel Martinez, GPSA Director of Professional Development, and Davi Kallman, Graduate School PDI Graduate Assistant, for their time, hard work and dedication to ensure the success of this initiative. Please see our website for more information: gradschool.wsu.edu/pdi

Programs and Services

Travel Grants: During the Summer 2016, GPSA granted over \$60,000 to 101 graduate students and 32 professional students.

President's Student Advisory Board

Student Government Council and President Schulz have decided to continue the President's Student Advisory Board. The Council has decided to centralize the application process for *all* students. As Chair of the Council, Melanie has been working with the President's Office, Student Affairs and University Communication to organize the application process, and to develop a communication and marketing plan to encourage students to apply to join the Advisory Board. This Board will officially start meeting in Spring 2017.

SUBJECT: APAC Report

SUBMITTED BY: Ray Acuña-Luna, Chair, Administrative Advisory Council

Distinguished members of the Board of Regents, President Schulz and Provost Bernardo,

It is my pleasure to report the following on behalf of the Administrative Professional Advisory Council:

The APAC forums have now been officially scheduled and are as follows:

- November 4, 2016 – Tri-City. Time TBA
- November 9, 2016 9:00-10:30am – Spokane
- December 6, 2016, 2:00-3:30pm – Vancouver
- November 29, 2016- Pullman. Time 8:30am-10:00am
- Everett: March. TBA

The purpose of these forums are:

- a. Provide a space for all AP voices to be heard; to feel included in the conversations that occur with upper level administration;
- b. Provide input on the ways we offer programming and professional development opportunities;
- c. Connect APAC council representatives at each campus with their AP constituencies so that non-council members know who and how to contact APAC

We are incredibly thankful to President Schulz for his support on this endeavor. Throughout the process, he has been so helpful and encouraging as well as providing funding to complete these forums. During the next few weeks, we will be working with university departments and APAC Council representatives to develop marketing and content for these forums.

APAC is currently conducting our annual AP Survey. The survey is designed to gather additional information from Administrative Professionals on how they would like APAC to serve them. The survey will remain active for the next couple of months and later analyzed and implement new initiatives as necessary.

Finally, APAC participated in currently undergoing searches: VP for Marketing and Communication and the Business Modernization Feasibility Study. We are thankful to be included in the discussions and looking forward to continuing participating in the process.

WSU alumni love WSU. The WSU Alumni Association is fortunate to serve alumni who have such a fervent desire to support their alma mater in so many ways.

Driving Scholarships

The all-Crimson Cougar plate can be seen on nearly 21,000 vehicles across the state. That's more than all other collegiate plates combined in the state of Washington and more than twice as many as the University of Washington. With \$28 from every Cougar plate going to support scholarships, WSU received \$603,000 to fund scholarships last year alone! Cougar plates are a great way for alumni and friends of WSU to show Cougar Pride and support scholarships.

The WSUAA *Leadership Scholarship Program*, unique at WSU, supports the student leaders of today who will become the alumni leaders of tomorrow. \$200,000 is awarded to student leaders from first year to graduation, in-state and out-of-state, across the campuses. Each year award amounts and distribution are reviewed by the WSUAA Scholarship Committee and reflect the priorities of the University. The WSUAA is responsible for administering 97 awards totaling over \$450,000.

A Fantastic Fall of Connecting Cougs

Fueled in part by WSU's success on the gridiron, WSUAA events during the fall of 2016 are engaging more alumni both home and away. *The Feast*, a series of four-course dinners on the Pullman campus prepared by WSU Executive Chef Jamie Callison and his talented students paired with exceptional wines by Cougar-connected wineries has again sold out. *The PreGame*, a series of rallies held before every away football game, has been hugely successful and continue to break records. From the record revenue and attendance at the Boise State venue to the 1,100 Cougs at the Arizona State event, *The PreGame* is the place to be for traveling Coug fans. Cougs are also gathering to watch all televised games at WSUAA events across the country. *Viewing Parties* are conducted at an average of 50 locations each week. Late start times aren't deterring attendance even on the East Coast—dedicated Cougs show up early and stay until the end. Reflecting the WSUAA's impressive membership growth, the *Platinum Life and Life Member Homecoming Reception* continues to attract record crowds each year. This year, 400 attendees were treated to Cougar III wine from Bergevin Lane Vineyards.

SUBJECT: Board of Regents Appointments to the WSU Foundation Investment Committee

PROPOSED: That the WSU Board of Regents appoint Regent Scott E. Carson and re-affirm the appointment of William O. Ward to the WSU Foundation Investment Committee

SUBMITTED BY: Kirk H. Schulz, President

BACKGROUND: Members of the WSU Board of Regents are fiduciaries for University endowed assets that are managed by the WSU Foundation. Further, Regents are responsible for reviewing and approving Regents-appointed members to the WSU Foundation Investment Committee.

Following for your reference is an excerpt from Investment Policy Statement regarding the composition and duties of the Investment Committee:

2.2.1 Composition

The Committee is comprised of seven (7) appointed members (voting) and between two (2) and four (4) ex officio members (non-voting). The Regents appoint two (2) of these voting members, one of whom must be a member of the Regents, the other who may be a Regent or a volunteer with investment experience selected upon consultation with the Committee, subject to notice to the Governors.

These members serve a one-year (1-year) renewable term upon appointment by the Regents. The five (5) other Committee members are appointed by the Governors and are selected from volunteers with investment experience upon consultation with the Committee, and subject to notice to the Regents. These members serve three-year (3-year) renewable staggered terms for a maximum of three (3) terms. As of the date of the adoption of this Investment Policy, the Executive Director of Budget and Planning of the University, the CEO of the WSU Foundation, and the Associate Vice President for Finance of the WSU Foundation are ex officio. The Associate Vice President for Finance of the WSU Foundation serves as Secretary to the Committee. Four (4) voting members are required for a quorum.

2.2.2 Duties

The Committee is responsible for the management and investment of the Fund. It may delegate fulfillment of investment and administrative tasks to others. The Committee's responsibilities with respect to the Fund's assets include completing each of the duties below in a prudent manner:

- Exercise ordinary business care and prudence under the facts and circumstances prevailing in managing and investing the assets of the endowment. Specific factors guiding the Committee in managing and investing the assets are:
 - General economic conditions;

 - Expected tax consequences of investment decisions;
 - Role of each investment in fund portfolio;
 - Expected total return from income and growth of investments;
 - Other University resources;
 - Needs for the fund to make distributions and preserve capital;

- Make reasonable effort to verify facts relevant to the management and investment of the Fund; and
- Annually (each December) review Investment Policy Statement.

WSU Pullman, Soccer Field Improvements, Phase Two, Construction Revised Project Budget (Olivia Yang/John Johnson)

November 4, 2016

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: WSU Pullman, Soccer Field Improvements, Phase Two, Revised Project Budget

PROPOSED: That the WSU Board of Regents approve the revised project budget of \$3,000,000, authorize the project to proceed to construction, and delegate authority to the President or his designee to enter into any and all contracts necessary to complete the project, within the budgeted amount

SUBMITTED BY: Olivia Yang, Interim Vice President for Finance and Administration

BACKGROUND: On October 30 2015, the Board of Regents authorized the construction of Soccer Field Improvements, Phase Two at a total project budget of \$1,600,000. That budget was based on a master plan effort and a predesign specific to the Soccer facility. Subsequent estimates were performed throughout the design of the project to keep the project within the established budget. The project scope was adjusted to fit that budget. The project was bid and all bids received were over the budgeted amount.

Upon analysis of the bids received, we believe that the overage had two primary causes: (1) the construction of the required foundation system based on the existing soils condition is more costly than originally budgeted; and (2) the access to the project site without impacting existing facilities and roadways has a higher premium than originally budgeted.

The previous design adjustments had removed the public restrooms from the project scope.

This proposed revised budget of \$3,000,000 accounts for the foundation and access issues and adds back in the public restroom.

Project Budget:

SUBMITTED BY: Olivia Yang, Interim Vice President for Finance & Administration

SUPPORTING INFORMATION: Chief Joseph Village is a 95,882 square foot apartment complex built in 1971, which consists of five residence buildings that contain 96 units of two and three bedroom units for a total of 204 beds. After a fire damaged Building D in 2010, it was renovated in 2011 to include new amenities and code and energy upgrades.

As part of the Student Housing Long Range Plan, WSU identified the renovation of the remaining four existing buildings of Chief Joseph Village as a priority. The Design Build method was used in 2012 to hire BNBuilders to renovate the four existing buildings and construct one new residence building over a three-year period for a total project value of \$20 million.

BNBuilders completed the new residence building (Bldg F) and the renovation of one existing building (Bldg E) before abandoning the project. In early 2016, the University settled their claim against BNBuilders, and plans to complete work on two of the remaining three (Buildings B & C) using the traditional Design-Bid-Build method.

The renovation of Building A will be completed at a later date.
