ACTION ITEM #4
WSU Pullman, Multicultural Center, Design and Construction (Huskey/Guillory/Patterson/Yang)

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: WSU Pullman, Multicultural Center, Design and Construction

PROPOSED: That the Board of Regents approve the Multicultural Center project with a total budget not to exceed $16,000,000, authorize the project to proceed to design and construction, using the Design-Build (DB) process pursuant to RCW 39.10 and further delegate authority to the President or his designee to enter into any and all contracts necessary to complete the project within the budgeted amount.

SUBMITTED BY: Roger Patterson, Vice President for Finance and Administration

SUPPORTING INFORMATION: Washington State University’s diverse student enrollment is one of the fastest growing in the Northwest. In continued support of WSU’s diverse student populations, and in response to student requests, the Center will be an inclusive environment organized for the appreciation of cultural diversity and transformation of perspectives through art, material culture, and the sharing of stories. In the supporting information are copies of petitions the students presented to Vice President Fraire to show support for such a facility (see Attachment A).

A state of the art and highly visible facility would make a definite statement of WSU’s pride as a land grant institution that welcomes and serves a diverse student population and prepares all students to be well-rounded and engaged citizens, both locally and globally.

The proposed project is a new Multicultural Center consisting of a 16,000 square foot structure, located prominently at one of WSU’s main entryways (see site location below). The project would include four distinct “pods” with shared, flexible spaces and hospitality features for special events, as well as collaborative office space for WSU’s diversity leadership.
