WAC 504-15-210 Times of enforcement. Parking regulations are subject to enforcement at all times.
(1) Parking permit areas. All parking permit zones are limited to authorized permit holders during specific hours. These hours are posted in each parking area at the entrance to parking areas, or along roadways where parking is marked.

(2) Restricted spaces. These spaces are restricted for their designated purpose at all times unless signed otherwise:
   (a) Disability zones.
   (b) Load/unload.
   (c) Service.
   (d) Reserved.
   (e) Reserved (bagged) parking meters.
   (f) Pedestrian mall.
   (g) Areas which are specially signed or physically set apart by barricades, traffic cones, tape, or other traffic devices.

(3) Parking metered spaces. Parking meters are in effect during the times posted on each meter. During these times the meter must be paid the posted amount. Additional time cannot be purchased beyond the meter's posted maximum time limit (e.g., a two-hour meter allows a maximum of two hours to be purchased at one time). A motor vehicle which is parked at an expired meter is considered in violation initially, and after each period equal to the maximum time posted for the meter. In such case a parking ticket may be issued for each violation. For example, a vehicle parked at a meter with a two-hour maximum time limit for six hours and five minutes of ((continuous) continuous unpaid parking at the same meter would be eligible for up to three parking tickets.

(4) Special conditions. The parking regulations are enforced every day, twenty-four hours a day. During certain times the following special conditions exist, and the regulations are modified.
   (a) Crimson permit zones.
       (i) ((Permits are not required in crimson zones at the start of each semester from the Monday of the week prior to the first day of class through the third day of class.) Crimson permits are required at all times except during university holidays.

       (ii) Crimson, orange, and green permits are valid in crimson zones during summer session((TY)) and vacation periods((TY and between semesters)).
   (b) Gray permit zones.
(i) ((Permits are not required in gray zones at the start of each semester from the Monday of the week prior to the first day of class through the third day of class,)) Gray permits are required at all times except during ((vacation periods, and between semesters)) university holidays.

(ii) ((During)) Gray, crimson, orange, green, yellow, and red permits are valid in gray zones during summer session and vacation periods,(gray zones are open to all valid university parking permits, except blue permits and housing parking permits)).

(c) ((Blue permit zones. Permits are not required in blue zones at the start of each semester from the Monday of the week prior to the first day of class through the third day of class, during finals week, vacation periods, and between semesters.

(d)) University-owned housing areas. Permits are not required in university-owned housing areas at the start of each semester from the Monday of the week prior to the first day of class through the third day of class,(and during finals week).

((e)) Summer business hours. During the period when the university is on official summer business hours, all-metered spaces and permit areas which are not restricted are open parking after 4:00 p.m. Official summer business hours are posted on the human resource services department web site throughout the summer.))

((f))) (d) The parking department may select and designate portions of permit zones as temporary ((one-hour parking)) loading zones at the start of each semester to accommodate moving into and out of residence halls and during finals week.

(5) Pay parking facilities. Some parking areas provide parking on an hourly basis. Hours of operation and a schedule of fees are posted at the facility entrance and at the point of payment. Parking tickets are issued to vehicles that are parked over the duration of time that was paid and for nonpayment. Parking areas with parking meters are not considered pay parking facilities.

WAC 504-15-350 Use of areas for emergency, maintenance, events, construction, or special needs. The university reserves the right to restrict access to any campus parking area, roadway, or sidewalk at any time it is deemed necessary for maintenance, safety, events, construction, emergencies, or to meet special needs. The parking department provides notice to users when possible.

Public safety and maintenance personnel performing official duties may deviate from these regulations as required to conduct emergency procedures.

WAC 504-15-540 Zone parking permits—Availability and use. The management and assignment of parking zones is designed to provide a parking space to each permit holder. However, uncontrolled access to parking areas and unexpected parking demand make it impossible to guarantee a parking space in a permit holder's assigned zone. Every effort is made via surveys and limits on permit sales, to ensure that permit holders are not displaced from their assigned zones. (The only exception to this is that the sale of blue permits is not limited.)

Staff and students are generally assigned to specific parking areas, referred to as zones. Parking zones are color-coded with respect to their price and numbered with respect to the specific parking zone assignment of each permit holder. Permit holders may park in their assigned zone as reflected by the combination of color and number on their permit and corresponding sign, or they may park in other zones as described below.
(1) Orange permits. Orange permit holders may park in their numerically assigned orange zone, or in any green, yellow, red, or blue zone. These permits may be made available on a daily basis.

(2) Green permits. Green permit holders may park in their numerically assigned green zone, or in any yellow, red, or blue zone. These permits may be made available on a daily basis.

(3) Yellow permits. Yellow permit holders may park in their numerically assigned yellow zone, or in any red or blue zone. These permits may be made available on a daily basis.

(4) Red permits. Red permit holders may park in their numerically assigned red zone or in any blue zone. These permits may be made available on a daily basis.

(5) Crimson permits. Crimson permit holders may park in their numerically assigned crimson zone, or in the numerically corresponding gray zone (e.g., a crimson 1 permit is valid in the gray 1 zone, but not in the gray 2 zone), or in any blue zone. Crimson permit holders must turn in their crimson permit for a refund or credit toward another permit, if applicable, immediately upon moving out of the residence hall. Only resident students are eligible for crimson permits with the exception of the crimson 3 zone, which is available to all students. Resident students are eligible for crimson, gray, or blue permits only.

(6) Gray permits. Gray permit holders may park in their numerically assigned gray zone, or in any blue zone. These permits may be made available on a daily basis. Gray permit holders must turn in their gray permit for refund or credit toward another permit, if applicable, immediately upon moving out of a residence hall. Only resident students are eligible for gray permits. Resident students are eligible for crimson, gray, or blue permits only.

(7) Blue permits. Blue permit holders may park in any blue zone. These permits may be made available on a daily basis.

**WAC 504-15-560 Other parking permits—Availability and use.**

(1) Visitor permits. For information about visitor parking, refer to the parking department's website. Visitor permits are available on an annual or daily basis to visitors of the university. Visitor permits may be used only by bona fide visitors as defined by this chapter. Use by any other person constitutes illegal use of a parking permit. Annual visitor permits are valid in green, yellow, red and blue zones, and parking spaces signed for visitor permits only. Daily visitor permits may be assigned to specific zones on a space-available basis. If a parking zone is not specified on the permit, it is valid in the same parking areas as an annual visitor permit. Visitor permits are not valid in pay parking facilities, parking meters, or restricted spaces.

(2) Golden cougar permits. Golden cougar permits are special visitor permits that are issued to retired staff in recognition of their service without additional cost. They are issued on an annual basis and are valid in green, yellow, red, blue zones, and visitor-permit-only parking spaces. Staff who are employed by the university or by other entities located on campus after formal retirement are not eligible to use a golden cougar permit in lieu of a regular paid zone permit.

(3) Event permits. Event permits are available to patrons who participate in events held on the university campus. They are available on a daily basis only. Event permits are assigned to specific zones on a space-available basis. Event permits are not valid in orange zones, pay parking facilities, parking meters, or restricted spaces.

(4) Motorcycle permits. Motorcycle permits are valid within boundaries of areas specifically posted and/or marked for motorcycle permits. Motorcycle permits are available on an annual and daily basis.
(5) Moped permits. Moped permits are valid within boundaries of areas specifically posted and/or marked for moped permits. Moped permits are available on an annual and daily basis.

(6) Commercial permits. Commercial permits are issued to vendors, suppliers, and service representatives of outside companies performing a service for the university. Commercial permits are available on an annual or daily basis. Annual commercial permits are valid in service zones, parking meters, and green, yellow, red and blue zones, and visitor-permit-only parking spaces. Daily commercial permits may be assigned to specific zones on a space-available basis. Commercial permits are not valid in orange zones or pay parking facilities.

(7) Construction permits. A construction permit is issued to personnel who are working on a construction site on campus. Construction permits are available on an annual or daily basis and are assigned to a specific parking area.

(8) Housing permits. A housing permit is issued to eligible residents of university-owned housing. Housing permits are valid only in specific housing parking areas.

(9) Carpool. Upon application, a bona fide carpool as defined by the campus policies and procedures is given preference in the assignment of parking zones, and issued a permit that facilitates the carpool. Obtaining or using a carpool permit under false pretenses constitutes the illegal use of a permit.

(10) Departmental permits. Departmental parking permits are available for use by department employees who need to use their personal vehicles for university business. Departmental permits are available in different forms and are valid at parking meters; service zones; orange, green, yellow, red, blue, crimson, and gray permit zones; and pay parking facilities. Departmental permits are not valid in reserved spaces. The use of departmental permits for anything other than official departmental business is prohibited by the State Ethics Act.

WAC 504-15-810 Violations, fines, and sanctions. (1) Violations and fines. Parking violations are processed by the university. Fines must be paid at the parking department or at other authorized locations, by mail, or from the parking department's web site. Schedules for parking violations, fines, and sanctions are posted in the public area of the parking department office and on the parking department's web site.

(2) Reduction of fines.((a) The fine for "meter violation" and the fine for "overtime in a timed zone" violation are reduced by one-half if paid within twenty-four hours of time of issuance. Eligible violations received on Friday or Saturday can be paid on the following Monday to satisfy the twenty-four hour requirement. Mailed payment of fines must be postmarked within twenty-four hours to receive the one-half reduction.

(b))) Internal policies regarding disposition of parking tickets may be established on approval of the vice-president or designee whose responsibilities include supervision of the parking department((under the advisement of the university's internal auditor)).

(3) Payment of parking fines.

(a) All parking fines and fees are due upon issuance((-of-a-parking-ticket)). Thirty days after date of issuance((-of-a-parking-ticket)), a late fee shall be added to all unpaid parking fines. For example, a parking ticket issued on May 1 would be assessed a late fee on May 31.

(b) ((Failure-to-pay-the-fine)) Parking fines and ((fee)) fees assessed for any violation results in referral to the university controller's office for collection. The controller or designee may, if other collection efforts fail, withhold the amount of the outstanding fines and fees from damage deposits or other funds held for any student in order to secure payment. Where collection efforts are unsuccessful, the controller or designee may notify the registrar to refrain from issuing student transcripts or to withhold permission to reenroll for a subsequent term until outstanding fines and fees are
paid. The procedures discussed above are not exclusive, however, and failure by anyone to pay fines and fees may also lead to towing or use of the wheel lock device described in these regulations. Nor are the procedures discussed above a precondition to towing or use of the wheel lock.

(4) Failure to pay fines. Failure to pay a fine or comply with other penalties assessed pursuant to these regulations, and exhausting or failing to exercise appeals provided for in these regulations, may result in the inability to renew a vehicle license through the state pursuant to RCW 46.16.216.

**WAC 504-15-860 Appeal procedures.** The parking ticket represents a determination that a parking violation has been committed and the determination is final unless otherwise provided or appealed as provided in this chapter.

(1) Purpose. The parking appeals process serves three primary functions:

(a) To hear parking ticket appeals;

(b) To hear appeals of wheel lock eligibility determinations; and

(c) To hear appeals of impoundments.

(2) Procedure. Any person who has received a parking ticket may appeal the alleged parking violation. Appeal of wheel lock eligibility determinations and impoundments are described in WAC 504-15-865 and 504-15-870.

(3) Written parking ticket appeals. The appeal must be in writing and received at the parking department within ten calendar days of issuance of the parking ticket. ([Forms] Paper and online forms for this purpose are available from the parking department. The parking appeals committee makes an initial decision regarding the appeal with-
in twenty calendar days during the academic year and within thirty
calendar days during the summer months after receipt of the appeal.
The committee provides a brief statement of the reason(s) for its de-
cision to the appellant within ten calendar days of the decision.

(4) Review hearing of initial decision. If the appellant is dis-
satisfied with the initial decision, the appellant may request a hear-
ing before a hearing officer or the parking appeals committee. Such
request must be made within ten calendar days of the date of the ini-
tial parking appeals committee decision. If no such request is re-
ceived, the initial decision shall be final. During the hearing the
appellant and representatives of the parking department may present
and cross-examine witnesses. The hearing officer or appeals committee
shall render a decision in writing and provide appellant with the de-
cision within ten calendar days after the hearing.

(5) Appeal to district court. RCW 28B.10.560 provides that a per-
son who is not satisfied with the final decision of the university may
appeal to district court. The application for appeal to district court
shall be in writing and must be filed at the parking department office
within ten calendar days after the date of the review hearing. The
parking department forwards the documents relating to the appeal to
the district court.
