B. Report from the President of the University. President Schulz welcomed the audience and the Regents to WSU Everett. President Schulz began his report commenting that it is an exciting time as WSU moves forward and looks at how it can and should evolve and expand to meet the future needs of the state of Washington. President Schulz then went on to provide the following updates:

- A time for evolution for land-grant institutions: President Schulz commented the mission of land grant universities is to bring science, technology, agriculture and the arts to the public. He said this is more important than ever in this tumultuous time. Stephen Gavazzi and Gordon Gee, authors of Land-Grant Universities for the Future: Higher Education for the Public Good, make the point that leaders and supporters should work more vigorously to uphold the community focused missions of land-grants as reflected in their teaching, research, and service-
oriented activities. President Schulz said Gavazzi and Gee see land-grants as the engine of higher education in America. President Schulz announced Stephen Gavazzi will be speaking on campus in May.

- Multiple initiative underway to guide WSU’s evolution: President Schulz reported initiatives range from strategic planning process to modernization, from our internationalization effort to an increased focus on innovation and entrepreneurship. He said, all these initiatives will enhance the University’s ability to better meet the state’s future needs, enhance WSU’s role as Washington’s state university, and advance the effort to become one of the nation’s top 25 public research universities.

- Expanding health care for the underserved: President Schulz reported during the past year the medical school had doubled its clinical partnerships to 70 plus, including many in rural communities. He further reported WSU’s medical school achieved initial accreditation for graduate medical education and started the clinical education of medical students around the state in rural and underserved areas.

- Boosting the state’s agricultural economic engine: The new United States Department of Agriculture (USDA) budget provides funds to construct a new Agricultural Research Service (ARS) BioSciences Building on the Pullman Campus. President Schulz reported the building will support scientists from WSU and ARS, who will continue to work together on research that supports Washington’s $51 billion food and agriculture industry. President Schulz further reported the enhanced federal funding from the USDA is also helping WSU scientists deploy next-generation technology and techniques for better grains, legumes potatoes and fruit crops, and provide virus free fruit teas, grapevines and hops to safeguard multi-billion-dollar industries.

- Increasing access to higher education: President Schulz reported efforts are ongoing to ensure a WSU education is accessible. He said a record 31,478 students enrolled system-wide fall semester and commented on the unprecedented success in enrolling ethnically diverse and first-generation students. President Schulz further reported, for two years in a row, WSU Global Campus has added four new academic degree programs and currently has approximately 3,000 students enrolled.

- Creating programs that meet state needs – Data Analytics: President Schulz reported the Data Analytics programs was established in 2017 to meet industry needs. He said this was only the second such program in the U.S. and reflects on of WSU’s strengths as it is true interdisciplinary in nature. Students complete the Data Analytics courses plus courses in another field, ranging from art and music to sports medicine and physics. The joint program was created by the college of Arts and Sciences and the Voiland College and graduates of the program are highly sought after. President Schulz reported the first 8 students will graduate in May.

C. Report from WSU Everett Chancellor. Chancellor Paul Pitre welcomed the Board of Regents and audience to the Everett campus and began his report providing updates on Snohomish County demographics, growth projections, economic overview, and workforce demands. Submitted by: Jeannette Mageo, Chair of the Faculty Senate

1. Faculty Senate Executive members traveled to the annual PAC 12 Academic Leadership Coalition conference held on the USC campus this January. We met with ALC member shared governance leaders to discuss current topics and best practices. Among the topics discussed at length were campus safety, incentivizing, evaluating, and rewarding teaching excellence, and how to recruit and retain diverse faculty. Officer elections were held, and Judi McDonald was elected president-elect for the upcoming 2019/2020 term. Amy Nielsen continues to serve as Executive Director of the organization.

2. The Centers Institutes and Laboratories Taskforce recommendations passed the Senate on February 7th. This will streamline the approval of CILs and provide a pathway for interim CIL status.

3. The Campus and Community Health Taskforce has been convened with the charge of “identifying barriers to expanding community health care in the Washington State University and the Pullman communities.” Whereas immediate needs may focus on expanding mental health care services, the task force’s larger charge is to consider comprehensive health care needs of the campus and community. The task force will establish WSU and community partnerships to develop solutions to overcome barriers to health care, including provisions of support at various levels (universal preventions, targeted prevention, and intervention). The task force will also regularly assess and modify goals as health care needs evolve and will make ongoing recommendations toward a sustainable plan.

4. Course Materials Value and Effectiveness Committee (CMVEC) is a partnership between Faculty Senate and the Provost’s Office to investigate issues concerning the increasing cost of course materials to WSU students. As the costs of course materials are increasing beyond the financial means of an increasing number of students, it is incumbent on the WSU academic community to find alternatives for course materials that are of good value for students while not sacrificing effectiveness. The committee has constituted three working groups, one devoted to Open Educational Resources (OERs), the second centering on programs such as First Day, and the third focused on the relationship between WSU’s academic community and the Student Book Corporation (SBC).

   a. OERs are no- or low-cost alternatives to traditionally published course materials. Current estimates of adopting OERs (from a sample of 16 courses) include total savings to students of approximately $600,000.00 per term.

   b. The First Day program is intended to grant students immediate access to electronic course materials on the first day of class. Estimated total savings to students over three terms is nearly $500,000.00 in the initial pilot program.

   c. The unusual relationship between WSU and the SBC—few universities do not directly own or run their associated bookstores—brings unique challenges to the table. Fostering communication among the stakeholders in this partnership is in the best interest of all. The CMVEC is exploring ways to improve the lines of communication, beginning with increased SBC outreach to faculty organizations such as Faculty Senate. A review of SBC website textbook offerings, including estimated overall costs of course materials, is under way.

SUBJECT: The Associated Students of Washington State University Washington Everett’s ’18-’19 Report

SUBMITTED BY: Andrew Bragg – ASWSU Everett President

The 2018-2019 academic year has been a wonderful year for ASWSU Everett. We have made exceptional progress as a leadership team and have affected great unity as a student body.

ASWSU Everett collaborated with each other ASWSU organization to organize Coug Day at the Capitol 2019! A handful of Everett Cougs, and 80+ Cougs from all other WSU campuses, were sent to lobby directly with Washington State legislators for bills affecting Washington State University, its students, & higher education Statewide. These students lobbied for: an expansion of the State Need Grant, greater mental health care resources for students, tuition waivers for honorably discharged veterans, Title IX guidelines, expediting construction on more passing lanes on State Route 26, and more!

Our goal this year was to develop a more collective campus culture and create a space that helped fight the commuter stigma our campus has been fighting since its founding four years ago. We worked to improve this culture by implementing more frequent and low cost student appreciation events such as Cougsgiving (A Cougar potluck around Thanksgiving time), as well as dead week breakfasts, & movie nights. We also have worked to gain more continuity between all student clubs so that all are aware of what each other are planning and involved in to better serve our students.

Another goal was to create an inclusive environment that focused on student mental health and well-being. We brought in service dogs during the week before finals in order to share the importance of students taking time out to focus on their mental health and happiness during a well-known stressful time. This event allowed us to have a platform that let students know we care about their mental health and are open as a leadership team to meet with them about their concerns.

Other plans for this year included to make sure that we, as a branch campus, are still affording all of our students access to be successful in their studies, as well as take note of special concerns and programs our students may need to be successful that other campuses do not. We worked to send 128 of our students to Pullman for the Voiland hosted technical career fair in October. Many of our students were able to access interviews and connections from this trip. This trip also inspired many other club leaders to set the groundwork for more networking events and a push for a career fair hosted on our campus next fall.

SUBJECT: GPSA Board of Regents Report

SUBMITTED BY: Amir Gilmore

On behalf of GPSA, I would like to thank the Board of Regents for your continued support of graduate and professional students. It is with great pleasure that I report the following:

Graduate Stipend Level: A major concern for graduate students at WSU is the current stipend level that they receive. As the standard of living continues to rise in Pullman, graduate students are struggling to provide for themselves and sometimes their families. GPSA had broad and initial discussions with Dean Gloss, VP Gonzales, and President Schulz about the graduate student stipend levels and its effects on student well-being and degree completion rates. In the spring, GPSA will be administering a census survey that will capture more data on stipend levels and financial difficulties. GPSA looks forward to sharing that information with WSU administrators to have deeper conversations about graduate student affordability. While it may not be feasible to have a higher minimum stipend level currently, it is our hope that GPSA can work with WSU administrators to make that a possibility in the future.

S.H.A.R.C.: SHARC stands for Scholars Harmonizing & Adapting Research within the Community. GPSA will be replacing our TEDx event with our event called SHARC. This first annual, three-session event, will equip graduate & professional researchers with the ability to leverage campus & community resources to adapt their research program, obtain research funding, and enrich their community through research-based collaboration. GPSA will be receiving support from the Graduate School Dean Gloss, Dean Jockers, Pullman 2040 and others. SHARC will take place March 29, 2019, from 12-3pm in the CUB Auditorium. It will coincide with the great research presentations of Academic Showcase and SURCA.

GPSA Research Expo: The Research Expo has been a staple event for graduate and professional students to present their research in a low-risk academic environment. The interest in the event is reflected in the abstract submissions. This year, GPSA nearly received 200 abstracts for the expo. Unfortunately, due to spacing, we can only accept 83. GPSA will be exploring alternative ways to increase graduate and professional student acceptance rates.

Advocacy: Graduate and professional student advocacy will always be a priority for GPSA. This year our Vice President of Legislative Affairs Joshua Munroe, brought 12 graduate students (2 from Research and Extension Centers) to raise awareness about graduate student issues to state legislators at Coug Day at the Capitol. In March, Josh will be bringing a team of 8 to Washington, D.C. to raise awareness at the Federal level. GPSA continues to have an active involvement in the National Association of Graduate-Professional Student (NAGPS) and the Washington Student Association (WSA).

SUBJECT: Administrative Professional Advisory Council Report

SUBMITTED BY: Stephanie Rink, Chair

The Administrative Professional Advisory Council is pleased to report the following:

1. The inaugural semester of the WSU Employee Presidential Scholarship had an outstanding 94 applicants – of which 89 were determined to be eligible (per BPPM 60.70). With support from Global Campus and the Office of the President, APAC was able to award twelve scholarships. Current financial support allows APAC to award six scholarships over the next two years. It is our hope that we can continue to grow support for this much-needed program and we are grateful that Global Campus has identified the Employee Presidential Scholarship as their WSU CougsGive campaign.

2. APAC continues to work on the Professional Development Initiative. We have rescheduled our fall 2018 speaker to May 22, Jake French, a motivational speaker who is the living example of what is possible when the right attitude, mindset, and strategies are in place. He will present in partnership with the Carson College of Business on Leadership without Limits and Anyone can be a Leader; How to Gently Lead your Leadership.

3. APAC hosted a Diversity Panel “Diversity: do we really need it in Washington’s higher education institutions?” on February 14, 2019 from 10am – 1pm, which included seven panelists from Washington State University, Gonzaga University, Eastern Washington University, Community Colleges of Spokane, and Whitworth University. The name of the panel was intended to be controversial to spark discussion on what is diversity, why do we need to know about diversity, and what can we do to be inclusive. Registrations from all campuses totaled 235. Due to the delayed start on the Pullman campus we fell short of the 189 total registered but still had 150 in attendance. The panel was also livestreamed and is on YouTube at https://www.youtube.com/watch?v=KJNFjYvQZk&feature=youtu.be. This was an excellent first step towards the education of diversity and how to be inclusive to all. We will now focus on smaller sessions to allow even more open dialogue and active learning.

4. APAC hosted AP Forums on the Pullman, Vancouver, and Everett campuses in fall semester, APAC’s Executive Leadership and President Schulz accompany these. The Vancouver and Everett forums provided great conversations, which led to some difficult questions that were left unanswered at the time. However, the APAC executive leadership and President Schulz worked hard for a couple of months getting answers to these questions. We are pleased to report that our constituents from all campuses are able to read the full Q&A report on our website at https://apac.wsu.edu/meetings-and-events/2018-fall-forum-qa/ and this was sent to all our Vancouver and Everett constituents via email. The forums on the Spokane campus is scheduled for April 18th and on the Tri-Cities campus on April 23rd. APAC will again provide an avenue for constituents at these campuses to send questions anonymously.

5. APAC continues monthly council meetings where all APs are encouraged to attend and VPs and upper administration are asked to present on initiatives and updates throughout the year. APAC Executive Leadership will continue to meet with President Schulz monthly.
As we near the end of the first quarter of 2019, it’s not too late to reflect on last fall’s many achievements. The success of Cougar Football provided a fantastic spark for Cougs to enthusiastically celebrate their team and WSU. As a result, the sky-high Cougar Pride had a positive impact on all facets of the University system, including the WSUAA. Alumni and friends came out in droves to support the Alumni Association, sell out events, and join as members. Over 33,000 Cougs attended WSUAA events in the fall—a number greater than the entire capacity of Martin Stadium. Go Cougs!

Another Sell-Out Feast Dinner Series
The international gold award-winning Feast of the Arts dinner series kicked off on Friday, September 7. For the 11th consecutive year, all Feast dinners sold out (one dinner sold out 36 hours after it was announced!). Over 400 people attended The Feast during the season. In partnership with the Carson College of Business and School of Hospitality Business Management, Jordan Schnitzer Museum of Art WSU, School of Music and the Cougar Marching Band, and the WSUAA’s Wine-By-Cougars Wine Club, the WSUAA presents a series of exquisite four-course dinners featuring WSU-sourced fare prepared and served by talented Hospitality Business Management students and paired with exceptional wines by Cougar-connected wineries. The featured wineries included REININGER Winery, Mercer Wine Estates, Gordon Estate, Clearwater Canyon Cellars, Northstar Winery and Chateau Ste. Michelle, and Basalt Cellars. Feast dates for 2019 have already been set: August 30, September 6, October 18, and November 15 & 22. Mark your calendars and make plans to attend.

Plenty of PreGames
The WSUAA hosted five PreGame events in cooperation with Cougar Athletics, including September 1 vs. Wyoming, September 21 vs. USC, October 27 vs. Stanford, November 10 vs. Colorado, and December 28 at the Alamo Bowl. Four of these events sold out before the doors opened, with 3,125 total PreGame attendees. Over 1,800 Cougs attended Alamo Bowl events. The Alamo Bowl PreGame highlights included a sold-out event with beautiful indoor/outdoor seating held at a museum with a vast amount of Texan cultural history. The WSUAA’s air and land packages to San Antonio also sold out quickly. Local WSUAA volunteers organized a pub crawl and a post-game ‘Stache Bache After-Party to celebrate the victory.

Viewing Parties Connecting Cougs Nationwide
The WSUAA chapters hosted 630 football TV Viewing Parties across the country, an increase of 25% over the previous year. 28,000 WSU alumni and friends were in attendance. These events allow Cougs to watch the games together, network, socialize, and learn more about the Alumni Association and WSU.

A Great Cougar Homecoming
Nearly 900 Cougs participated in Homecoming events, kicked off with the WSUAA’s Student Alumni Ambassadors’ annual Bonfire and Pep Rally, followed by the WSUAA’s exclusive Platinum Life and Life Member reception (which recorded double the number of attendees over the previous year). Also that weekend, the WSUAA hosted our Fall Leadership Conference, an opportunity for over 110 Chapter and Club presidents and volunteers from across the country to come to Pullman for a semi-annual training and networking conference.

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: Election of Officers – Board Chair Succession

PROPOSED: That the Board of Regents modify its Bylaws to reflect the practice of the Vice Chair succeeding as Chair to provide for a more efficient process and seamless transition in Board leadership.

SUBMITTED BY: Kirk Schulz, President

SUPPORTING INFORMATION: Background

At the May Board of Regents meeting each year, the Regents elect a Chair and Vice Chair.

Generally, the practice has been for the Vice Chair to succeed as Chair. However, succession does not automatically occur, because the Bylaws provide for a separate election of both the Chair and Vice Chair each year.

The Chair and Vice Chair hold their offices for a one-year term, commencing on July 1.

Potential Modification

The Regents may wish to modify its Bylaws to reflect the practice of the Vice Chair succeeding as Chair to provide for a more efficient process and seamless transition in Board leadership.

The process would be for the Board to elect a Regent to serve as Vice Chair each year. There would be no separate nomination and election of this individual again the following year, as the Vice Chair
would automatically succeed as Chair and therefore would essentially be the Chair-Elect for the following year.

Also, currently, there is no provision for removing an officer from the Chair and Vice Chair positions. This may be a suitable time to include such a provision, as *Robert’s Rules of Order* recommends including this in the Bylaws.

**Bylaws**

Following is an excerpt from the Board of Regents Bylaws with draft modifications:

**Article 1: Officers of the Board**

1. **Membership.** The governance of Washington State University (University) shall be vested in a Board of Regents (Board) consisting of ten (10) members (Regents), one (1) of whom shall be a student.

2. **Designation.** The Officers of the Board shall consist of a President, who shall also be known as the Chair of the Board (Chair), and a Vice Chair, Secretary, and Treasurer.

3. **Election and Appointment Process.** At its regular meeting held after the first Wednesday in April of each year, the Board shall hold elections to fill the offices of Chair and Vice Chair. The Board shall elect by majority vote, as defined in Article II, Section 6 a Chair and a Vice Chair, as nominated by the Executive Committee, based upon the advice of the Board and in consultation with the President of the University. The Chair and Vice Chair shall hold office for a one-year (1-year) term, commencing on July 1. Except in the case of resignation or removal, or other exigent circumstances, the Vice Chair shall then automatically succeed as Chair of the Board the following year and shall hold the office of Chair for one-year (1-year), commencing on July 1.

The President of the University shall serve as Secretary of the Board as prescribed by RCW 28B.30.135. Secretary of the
Board, where used in these Bylaws hereinafter, shall refer to the President of the University.

The Treasurer of the Board shall be the Vice President for Finance and Administration of the University, unless the Board in its discretion appoints another individual to this office.

4. Chair. The Chair of the Board shall preside at all meetings of the Board and shall sign all written instruments on behalf of the Board that are necessary to implement programs and policies which have been approved by the Board. The Chair of the Board shall have the authority and responsibility to perform the duties customarily attached to the office and shall have such other authority and duties as prescribed by these Bylaws, Board of Regents Policies (Board Policies), and the Board.

ACTION ITEM #1
Meyer’s Point Conservation Easement
(Stacy Pearson/Ryan Goodell)

March 8, 2019

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: Meyer’s Point Conservation Easement with Capitol Land Trust, a Washington non-profit corporation

PROPOSED: That the Board of Regents approve the negotiation of a Conservation Easement in favor of the Capitol Land Trust, a Washington non-profit corporation (“CLT”), on a portion of the Meyer’s Point property, and further delegate authority to the President or his designee to enter into a resulting Deed of Conservation Easement with CLT in order to complete such transaction.

SUBMITTED BY: Stacy Pearson, Vice President for Finance and Administration

BACKGROUND INFORMATION: Dr. Edward Meyer gifted the 95-acre Meyer’s Point property to Washington State University in 1990. In his bequest, he stated that the property should be used to promote environmental education, research and the arts. The Meyer’s Point property has substantial natural resources, including extensive terrestrial, wetland and aquatic habitats. The property is utilized by diverse groups of people from within and outside of the University, which groups desire to expand their use of the property. As such, and pursuant to Dr. Meyer’s bequest, the College of Arts and Sciences (“CAS”) has developed a vision to create an Environmental Field Station for teaching, outreach and research in the South Puget Sound. Development of the WSU Meyer’s Point Environmental Field Station (“MPEFS”) will allow the University to: enhance place-based environmental and cultural education through field studies; provide a facility for environmental research undertaken by WSU faculty, staff and students and others that address critical Puget Sound issues; provide programmatic outreach activities to the local communities; partner with K-12 schools and regional colleges and universities for better learning and stewardship of the environment; and elevate the University’s profile and level of engagement with prospective students, alumni, donors and State legislators in the South Puget Sound.
Sound area. An illustration of the Meyer’s Point property is provided in Attachment “A”.

In order to realize the potential of the MPEFS, additional infrastructure needs to be developed beyond the existing caretaker’s house, garage, barn and office (storage) building. Some of these existing buildings can be upgraded to meet some of the infrastructure needs, although a new building is also necessary to provide laboratory space, classrooms and conference rooms, a lounge area, 2-4 small bedrooms and a communal kitchen. CAS has set aside approximately $200,000 from its modest endowment for the maintenance of the property, which can be contributed to the cost of the new building, but the majority of the funding for the new building will have to come from other, external sources. CAS has recently established an External Advisory Board to advise and assist with fund-raising opportunities with private individuals, philanthropic foundations and state and federal agencies. Granting the Conservation Easement to CLT would likely also generate funding in excess of $500,000, which would be paid by CLT to the University in exchange for the Conservation Easement, and could be used toward the construction and/or maintenance of the new building.

Discussions with CLT have been ongoing since early 2018, and the terms of the Deed of Conservation Easement are currently being discussed and negotiated. Such terms include the amount of consideration to be paid by CLT, the size and location of the Conservation Easement on the property, the University’s continued rights to access the property, its future development of the property and ongoing maintenance of the property. Of particular importance is the need for the University to retain the right to continue using the property for the following purposes:

1. Allow faculty, staff, students and partners to have access to the property to undertake research activities, teach classes and engage in outreach activities with the public.
2. Maintain and modernize the existing buildings on the property to support the research, teaching and outreach mission of MPEFS.
3. Retain the option to construct a new building on the property, mostly likely in the upland areas of the property, to serve the purposes identified above.
4. Construct a modest trail network to link the new building in the upland area to the lowland/wetlands to provide access to researchers and educators.
5. Use and steward the natural resources (trees, plants, animals, etc.) on the property in a manner consistent with WSU’s mission.

6. Continue annual harvesting of the hayfield area.

As illustrated above, the proposed Conservation Easement will allow the University to elevate its promotion of environmental education, research and the arts on the Meyer’s Point property. The Conservation Easement will also ensure that the property, and the substantial natural resources that it boasts, will be preserved in perpetuity and in keeping with Dr. Meyer’ bequest.

ACTION ITEM #2
FY2020 Housing and Dining Rates
(Mary Jo Gonzales/Terry Boston)

March 8, 2019

TO ALL MEMBERS OF THE BOARD OF REGENTS

SUBJECT: FY2020 Housing and Dining Rates

PROPOSED: That the Board of Regents approve an increase in the Housing and Dining Rates not to exceed the following percentage from the FY2019 Rates.

Residence Halls:
2.3% ($259) of the total weighted average for room and board (weighted average of a double room and level 2 dining plan).

Apartments:
2.0% of the total weighted average for apartment rates.

SUBMITTED BY: Mary Jo Gonzales, Vice President for Student Affairs

SUPPORTING INFORMATION: The Housing and Dining System is a self-sustaining auxiliary unit that requires establishing room and board rates that are sufficient to meet bond covenants and support the University’s strategic goals.

The Housing and Dining Advisory Board is comprised of student representatives from the Resident Hall Association (RHA), Associated Students of Washington State University (ASWSU), Graduate and Professional Students Association (GPSA), as well as representatives from the Budget Office, Finance & Administration, and Student Affairs.

The Housing and Dining Advisory Board met throughout the fall and part of spring semester to review current operations and discuss operational changes anticipated for next year. The Advisory Board toured various facilities within the system and provided notebooks containing detailed information with regard to budget, organizational charts, and system goals as they relate to the long-range housing plan. The rate recommendations increases are based upon
student input, economic projections and system demands. The recommended increases received unanimous support from the Advisory Board. Pending Regent’s approval, the new rates will begin with the start of fall semester 2019.

The Advisory Board is comprised of seven student representatives* and six administrators as outlined below.
